SITES • PORTALS • SYSTEMS

WEBSITE FREE PLAN

$0 / month

No card needed

Your website stays online with a secure connection, at no monthly cost. There's no monitoring or upkeep on this plan, so it fits simple sites that rarely change. When you need something, text or email me and I'll give you a price first.

What's included

Keeping it online

- Fast hosting on a global network (Netlify)
- HTTPS security certificate (the padlock), renewed automatically

Help when you need it

- Changes and fixes billed at $135/hour
- A price before I start, every time
- Requests handled as my schedule allows
- Move up to a paid plan anytime

Not included on Free

These come with the paid plans, starting with Hosting at $29 a month:

- 24/7 uptime monitoring, and fixes at no charge if something breaks
- Database backups and one-click rollback
- Security and software updates
- Domain and DNS management
- Upkeep for contact forms, payments, an online store or an admin portal
- A set response time

Other costs

- **Domain renewal.** Your domain stays registered in your name, and you pay its yearly renewal directly (typically $15 to $20 a year).
- **Payment and store fees.** Stripe charges a small fee per card payment. A Shopify plan and its fees are billed by Shopify directly.
- **Paid service upgrades.** Almost every small-business site stays on free service tiers. If your traffic or data ever outgrows them, I'll tell you the cost before anything changes.

You own everything

Your code, domain, data, and Stripe or Shopify account all belong to you. There's no contract, and you can change plans anytime. If you ever leave, I hand over the code, accounts and logins so you or another developer can take it from there.

Free or Hosting?

	Free	Hosting ($29/month)
Hosting and HTTPS certificate	Included	Included
Uptime monitoring	No	24/7, with fixes included
Backups	No	Daily and weekly database backups
Security and software updates	No	Included
Domain and DNS	You manage it	I manage it
Changes and fixes	$135/hour	Fixes included, edits by the hour
